

Acanthus Lodge A.F.A.M., # 632

**Bob Kellar Memorial Fishing Trip
Big Rock Resort, Leech Lake, MN
June 2012**

As you know, Brother Bob Kellar passed away suddenly on the first day of a fishing trip on Leech Lake, MN, in the company of two other brothers of Acanthus Lodge. Brother Bob had been planning this trip for a couple of years prior and was having a wonderful time doing what he enjoyed.

He commented during that trip,

“Wouldn’t it be wonderful if we could get a group of Acanthus Lodge brothers to make this trip together next year?” Bob Kellar

In memory and honor of Brother Bob, we are planning a memorial Acanthus lodge fishing trip to Big Rock Resort, on Leech Lake, MN, for **June of 2012**. www.bigrockresort.com

Specific dates in June of 2012 will be dependent on the number of participants and cabin availability. Initial plans are to drive to Leech Lake on a Monday, fish 3 days, and return on Friday (i.e.; 4 nights at the resort). Deposits and confirmation of attendance will be due to the resort in **January of 2012**. This advance notice is intended to provide Brothers who are interested in going on the trip, several months notice to facilitate planning and personal budgeting for the trip.

Everyone is welcome,.... *even if you don’t want to fish!* This is a great opportunity to create and share memories with Masonic fellowship around the campfire in memory of Bob.

Approximate basic costs of the trip (*not including personal expenses, i.e.; libations, casino visits, etc.*) are as follows: (Based on 4 people per cabin / car)

- Shared Round-trip gas DSM – Leech Lake (@ 4 people per car) = \$ 50 ea.
 - Shared Cabin rental (@ 4 people per cabin / 4 nights) = \$ 225 ea.
 - Shared Food / Supplies expense (assuming cooking at cabins) = \$ 50 ea.
- Estimated total for **NON-Fishing** participant **\$ 325 ea.**

- Fishing License = \$ 25 ea.
 - Shared Boat Rental (each @ 3 people per boat / 3 days fishing) = \$ 100 ea.
- Estimated total for **FISHING** participant **\$ 450**

ea.

(Optional Fishing Guide w/boat = \$ 350 @ day)
